

WEEKLY REPUBLICAN—1917.
DAILY PUBLIC LEDGER—1919.

MAYSVILLE, KY., THURSDAY, APRIL 11, 1912.

ONE COPY—ONE CENT.

She bought a new electric hat
The finest one in stock;
She wore a battery in her hat,
The bill gave Dad a shock.

Smoke Masonian and La Tosca, 5 cents

The biggest bluff in the world is the smile
on the face of the loser.

A man's idea of a good seven-up hand is to
go in with high and low, and fight for jack and
game.

There were 1963 visitors to the Public
Library during March and 1,320 books were
taken out.

A man thinks that he risks a lot on a sus-
pender button, but look 'at' the confidence a
woman places in a piece of string.

When a woman coaxes her husband to go
shopping with her she has in mind that she
can blame him afterward because she has
bought some things which she doesn't like.

Governor McCrory has vetoed the anti-tip-
ping bill. The Louisville hotel men made it
plain that without tip they would be forced
to pay their waiters and porters living wages.

Notice F. O. E.

A meeting of special importance will be
held at Maysville Aerie 1,564 tonight at 7:30.
All officers and members are requested to at-
tend.

WHO & WHO—and Why

FAMED AS A SOCIAL WORKER

When Katherine Bement Davis is
at home at Bedford, N. Y., she super-
intends the State Reformatory for
Women, where bad girls are made
over into good ones. The making over
is a long, hard and difficult process
and some two years ago Miss Davis
felt that she must have a rest. So
she applied for a leave of absence and
sailed for Italy, sure that long days
of idleness in that sunny clime would
bring her the relaxation she so sore-
ly needed.

While she was in Syracuse, there
came the horror of the Messina
earthquake. A few hours later, refu-
gees from Messina began to arrive in
Syracuse. Wounded; frightened al-
most to a state of insanity; covered
at best with one or two scant gar-
ments; homeless; destitute and hun-
gry, men, women and children poured
into the city. Many travelers quietly
packed their grips and departed.

Within a few days four thousand
refugees had arrived, one thousand of whom were wounded. Every hospital
in the town was full to overflowing; the barracks, halls and every available
building received their share of the injured. It was not Miss Davis' affair;
she is an American. Besides, she was traveling for rest and pleasure. But
she did not pack her grip. Instead she sorted out its contents and, ap-
propriating everything that might answer as bandages, set out for the hospitals.

For a few days she worked there, cleansing and dressing wounds, trying to
see that patients received food and doing anything that seemed likely to re-
duce the prevailing confusion and misery. Then help arrived. The German
Red Cross of Berlin and the Italian of Brescia came to Syracuse and took
over the hospitals. Within a day they had worked such a transformation that
Miss Davis felt that she might effect more good elsewhere.

She went out into the streets, where she continued her relief work.

America and Italy have both shown approval of Miss Davis' method of
"butting in."

TO PHOTOGRAPH SEAL HUNTING

Harry Whitney, the sportsman who
wintered with the most northern Es-
quimaux that he might go hunting
into the muskox country and then re-
turned on board the steamer Roose-
velt when Commodore Peary came
back from his successful trip in quest
of the pole, sailed from here the other
day on a sealing trip with Capt. Rob-
ert A. Bartlett.

Mr. Whitney carried with him a
motion-picture apparatus with which
he expects to get photographs of
scenes connected with seal hunting.
As far as known no one has ever un-
dertaken this feat. Captain Bartlett,
who commanded the Roosevelt, has
managed many successful sealing
trips to the north.

Mr. Whitney said of his plans on
the present trip: "That all depends of
course on our luck. The Neptune will
accommodate a cargo of 35,000 seals,
but whether we will be lucky enough
to bring back as many as that of
course we can't say, but I am prepared for almost anything that may
happen."

"With this motion picture apparatus I hope to get some good views. Not
only do I hope to be able to get pictures of the actual scenes attendant upon
the sealing, but pictures of the ship in the ice and many things of interest
incidental to the trip. I have with me 20,000 feet of film and I hope I will not
spoil it all."

WOMAN WHO AIDS RUSS GIRLS

Anna Maria Krapidinski, special
agent of the Russian government
from Warsaw, Russian Poland, left
Chicago the other day after gathering
statistics through the medium of the
Immigrants' Protective league and
the Juvenile Protective association.
She was detailed to investigate the
conditions under which immigrant
girls are cared for by the United
States authorities after their arrival
at Ellis Island.

She has a clear conception of the
necessities of the situation. A yearly
average of 1,800 immigrant girls rou-
ted out of New York for western
points, most of them traveling via
Chicago, are lost en route.

Mme. Krapidinski said in an in-
terview with a reporter:

"Conditions are so serious despite
the great generosity of public spir-
ited men and women in the United
States that it is evident the problem
is one not to be adequately handled
by private effort. It will require a vast amount of work.

"There must be government co-operation and control of a situation that
results in figures so ghastly as those shown in the toll of missing girls that
start from New York for Chicago and never reach here.

"It is evident that these disappearances are not accidental. It is plain
that the girls do not fall off the trains and lose themselves. It would be far
better if they did. The neglect that has permitted white slavers to secure
so firm a grip on the immigrant traffic of this country is not alone a blot on
the fair name of the United States. It is as well a blot on the name of gov-
ernment of Russia."

QUEEN MARY STARTS A CULT

Owing to the incentive of Queen
Mary, who is a devotee of the needle,
the cult of stitchery prevails in so-
ciety to an amazing extent. Every
other woman one meets is talking of
needlework and the craft of the
needle; it is a sort of obsession. The
mysteries of satin stitch, padded and
otherwise, of crewel work, braid
work, couching, herringbone, button-
hole and French knots are discussed
by everybody. When Queen Mary
came back from India and the Dur-
bar she found society as keen on
needlework as it used to be on bridge.

One of the cleverest needleworkers
is Lady Glenconner (sister-in-law of
Mrs. Asquith), who makes her own
designs and has original ideas for
decoration. She is fond of big, bold
patterns in vivid colors and has
worked many bedspreads and cover-
lets in William Morris patterns.
There is a splendid specimen of her
work at Wilford Manor, Salisbury, on
a slender mahogany bed of a very old type. She likes best to copy old de-
signs and says she considers if women of today piled the needle more fre-
quently they would be less restless in this fast-moving world.

FARMERS

Should Take Same Pride in Beau-
tiful Roads That Railroad
Companies Take in
Their Property

The Ohio Department of Agriculture is
waging war on weeds. Public roads and rail-
roads often furnish breeding ground for
weed seeds. Farmers are taking more pride in
the appearance of their homes and fields, but are
often discouraged by the neglect of officials
to destroy weeds along railways and highways.

Stagnant pools are unsightly and incubators
of disease. Mosquitoes and malaria thrive
there. Dilapidated fences inspire no good
will of the people toward men whose duty it
is to keep them in repair. Eye-sores should be
eliminated along all routes of travel.

Civic pride ought to lead to these reforms.

Public spirit is a virtue that ought to bless
railway officials and township trustees.

We should be good without the law making
us good. Some railroads have beautified their
station grounds with shrub and flowers.

Many railroads are improving the appear-

ance of the right-of-way. Weeds and green sum-
pools are eliminated and fences painted.
More shrubs and flowers ought to be grown.

Railroads could look good in a new dress.
A thing of beauty is always appreciated. The
traveling public would applaud. Farmers
should insist that road supervisors be diligent
in taking care of the roads.

HERE AT HOME

MAYSVILLE CITIZENS GLACELY TESTIFY AND

CONFIDENTLY RECOMMEND DOAN'S

KIDNEY PILLS

It is testimony like the following that has
placed Doan's Kidney Pills so far above com-
petitors. When people right here at home
raise their voices in praise there is no room left
for doubt. Read the public statement of a
Maysville citizen:

Mrs. Dora Mofford, Maysville, Ky., says:
"Doan's Kidney Pills did me a lot of good and
I am glad to tell about it. I had been feeling
poorly for some time, before I knew that my
kidneys were at fault. I was nervous and
dizzy and my back and head ached. I rested
poorly and mornings I was all tired out. I
read in a local paper how a neighbor had been
cured of kidney trouble by Doan's Kidney
Pills. I used them, and before long I was en-
tirely better. I was able to sleep well and they
improved my health."

For sale by all dealers. Price 50 cents.
Foster-McIlhenn Co., Buffalo, New York, sole
agents for the United States.

Remember the name—Doan's—and take no
other.

When a man is defeated, he makes as dis-
agreeable a noise in explaining it as a mule
does when he is lonesome.

CHILDREN AFFECTED

By Mother's Food and Drink

Many babies have been launched into life
with constitutions weakened by disease taken
in with their mother's milk. Mothers cannot
be too careful as to the food they use while
nursing their babies.

The experience of a Kansas City mother is
a case in point:

"I was a great coffee drinker from a child,
and thought I could not do without it. But I
found, at last, it was doing me harm. For
years I had been troubled with dizziness, spots
before my eyes and pain in my heart, to
which was added, two years later, a chronic
sour stomach.

"The baby was born seven months ago, and
almost from the beginning, she too suffered
from sour stomach. She was taking it from
me."

"In my distress I consulted a friend of more
experience and she told me to quit coffee, that
coffee did not make good milk. I have since
ascertained that it really dries up the milk.

"So I quit coffee and tried tea and at last
cocoon. But they did not agree with me. Then
I turned to Postum with the happiest results
it proved to be the very thing I needed. It
not only agreed perfectly with baby and my-
self, but it increased the flow of my milk.

"My husband then quit coffee and used
Postum and quickly got well of the dyspepsia
with which he has been troubled. I no longer
suffer from dizziness, blind spots, pain in my
heart or sour stomach.

"Now we all drink Postum from my husband
to my seven months' old baby. It has proved
to be the best hot drink we have ever used.
We would not give up Postum for the best
coffee we ever drank." Name given by
Foster-McIlhenn Co., Battle Creek, Mich.
See the little book, "The Road to Well-
vill," in page.

It Makes A Great Difference

In the health and
strength of a nursing baby
if the mother uses

POSTUM

in place of
coffee or tea

SPRING DISINFECTION!

This is a good time to give attention to the sani-
tation of the home. It is better to prevent sick-
ness than to depend upon curing it when it comes,
and there can be nothing which will contribute
more to the family health than to keep the premises
well disinfected. All sinks, drains, closets, cellars or
dark or damp places about the home should have
attention. We have all the reliable disinfectants
and can tell you what to use and how to use it.
